

President's Letter

by Helen Hughes

It seems to have been a very busy month. Many of you know that I am selling my house to downsize! Things are going well, however, I just can't find a place to buy here in Benicia. I will keep trying.

The Brain enrichment program came to an end. Everyone really enjoyed it. The next one will be in the fall.

We've started to picnic in the park again every month as well as play bocce ball every Wednesday. We had a great turnout at the potluck at my place and the food was amazing as usual. The over 80's also met this month and it was a pleasure to go to their get-together.

As the weather continues to get better I hope to see you all out and about enjoying all the activities that we put together for you all.

Cheers, Helen

Editor's Notes

by Lois Requist

This edition comes on the heels of a trip to Barcelona with my newly graduated granddaughter, Olivia Requist. Traveling with someone sixty years younger than me offers an opportunity to reflect on the differences which time makes in our perceptions, as well as our physical abilities. Sometimes, I had to say, "Slow down," as she walked brusquely ahead of me. She always did, but sometimes forgot. After all, there's lots to see and only so much time to do it.

A reminder here: with the passing of Judie Donaldson, who wrote a column every other week for the Benicia Herald, her columns are sorely missed. Thanks to Diane Choquette who writes one column a month and to Barbara Engdahl who has supplied material for several columns. If you'd like to try your hand at writing, please do so! Let me know and I can give you some tips. Your view of the world and of Carquinez Village is unique! We'd like to hear about it. My email is lois@requist.com.

Member Spotlight: Joe Athey & Carlo Carlucci

by Greg Plant

Joe Athey and Carlo Carlucci have a lot of history together and between them. Carlo is a second-generation Italian immigrant via San Joaquin Valley. Joe is a second-generation English immigrant via Iowa.

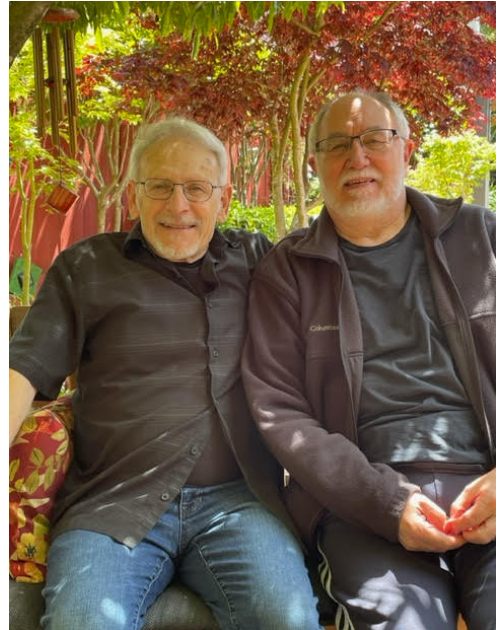

Another “together” is teaching unusual courses. Joe retired after years of instructing classes on social skills and anger management at Napa State Hospital. Carlo taught Greek and Latin at the University of California at Berkeley.

Carlo still teaches — cooking to Carquinez Village members through his occasional cooking shows on Zoom, with Joe as his sous chef.

Joe and Carlo have other “togethers” to keep them busy after 44 years — a love of cooking, eating, hosting parties, and Carlo's painting.

Gardening is a special passion for Joe, as are his kids and grandkids. Carlo gives back by leading the CV Monday discussion group.

Carlo has collected family recipes “all my life,” he says — so is there a book planned? Carlo just smiled.

THANK YOU!

Thanks to Jeanne Hamann of Hamann Real Estate for her donation to St. Vincent de Paul in the name of Carquinez Village which allowed members to take things they wanted shredded to St. Dominic's.

Please support the businesses that support Carquinez Village!

An advertisement for Hamann Real Estate & Property Management. It features a grid of six small images showing various landscapes and activities: mountains, a herd of animals, a person fishing, a sunset, a person surfing, and a tropical beach. To the right of the grid is a portrait of Wendy Wilhelm, a smiling woman with blonde hair. Above the grid, the text "Montana & California" is written in a cursive font. Below the grid, the text "MT RRE-BRO-LIC-96689" and "CA 01793963" are visible. The Hamann Real Estate & Property Management logo, featuring a stylized bridge and sun, is also present. At the bottom right, the signature "Wendy Wilhelm" is written, with "Real Estate And Lifestyle" underneath.
